2/3rds of all active shootings happen at the workplace. Many are seeking revenge against an employer or employee.

Come and learn what you can do to keep yourself safe and possibly even prevent an active attack at your workplace. David Wrzesinski who is the Director of Safe Schools at Robinson ISD He. will share proven training techniques for survival of an active Attack situation. He will share how to prepare mentally and physically for an attack. He has trained thousands of students and educators to be confidently prepared for such an attack, and will have you prepared to act confidently as well. He will also share some training tools that you can share with your staff so that they are better prepared.
